June 23rd 2017, Minneapolis Convention Center, Minnesota

BrrCon

BrrCon is a FREE cyber security training conference with the mission to facilitate knowledge sharing, network with peers & improve capabilities within the cyber security community. BrrCon is funded exclusively by regional businesses and there will be no sponsor booths or vendor pitches.

This one day event prior to B-SidesMSP will feature presentations by leading security experts, and will include hands-on training & demonstrations, including:

- IOT Hacking Village
- LockPick Village
- Virtual Live Fire Range
- Hunting with Data Visualization
- Memory Forensics
